In accordance with Article 9 of that Order the Department has consulted with the Northern Ireland Local Government Association, the Northern Ireland Local Government Officers' Superannuation Committee and such representatives of other persons likely to be affected by the Regulations as appeared to it to be appropriate.

Revocation of Regulations

2. (1) Except where these Regulations provide otherwise, in particular Schedule 5 (transitional and transitory provisions and savings), the Regulations listed in Schedule 2 (regulations revoked) are revoked.

(2) Accordingly, no person may become a member of the 2009 Scheme after 31st March 2015 or accrue benefits under the 2009 Scheme in respect of any service after that date.

Membership before 1st April 2015

3. (1) Notwithstanding the revocations effected by regulation 2 and subject to this regulation, the regulations listed in Schedule 2 continue to have effect so far as is necessary—

(a) so that membership accrued in the earlier Schemes in respect of service before 1st April 2015, the pension rights accrued at that date, and any rights and obligations imposed on any person under those Schemes in relation to service before 1st April 2015, are preserved; and

(b) so that benefits are payable in accordance with these Regulations.

(2) In paragraph 1(a) the expression “pension rights accrued” includes any right to any pension, lump sum, grant or other benefit due to or in respect of a member.

(3) The scheme manager responsible under regulation 2(2) (introductory) of the 2014 Regulations for the local administration of pensions and other benefits payable under those Regulations is also responsible for the administration of benefits pursuant to paragraph (1) of this regulation.

(4) Where a person has been an active member of the Scheme, and retirement benefits under paragraph (1) are payable to a member in accordance with regulation 10 (retirement benefits), the benefits paid from earlier Schemes and the Scheme are, for all purposes, to be regarded as constituting a single pension scheme.

(5) But a retirement pension and any retirement grant payable to a member under paragraph (4) is subject to actuarial adjustment if it would have been subject to actuarial adjustment under the 2009 Scheme, irrespective of whether retirement pension under the Scheme payable at the same time is subject to actuarial adjustment.

(6) Where a member who has not had a disqualifying break aggregates benefits from earlier Schemes with benefits from the Scheme, the benefits from the earlier Schemes are payable as final salary benefits.

(7) A disqualifying break for the purposes of paragraph (6) is a continuous break in active membership of a public service pension scheme of more than five years.

(8) Where a person has not been an active member of the Scheme and has benefits under the earlier Schemes, or has been an active member of the Scheme and has benefits under the earlier Schemes which have not been aggregated with the benefits in the Scheme, the benefits payable as a consequence of paragraph (1) are payable in accordance with the earlier Schemes as applied by this regulation.

(9) Any pensionable pay received or contribution paid by a member on or after 1st April 2015 which relates to work carried out before that date shall be dealt with in accordance with the 2009 Scheme.

(10) Any increase in membership may be awarded to a member under regulation 12(4) (power of employing authority to increase total membership of active members) of the Benefits Regulations after 31st March 2015 if the member’s relevant date for the purposes of that regulation is before 1st April 2015 and that increase is in membership of the 2009 Scheme notwithstanding the fact that the award may occur after 31st March 2015.

(11) Where an employing authority grants an increase in membership under regulation 12A(3) (duty of employing authority to increase total membership: enhanced protection) of the Benefits Regulations following a notice served by a member before 6th April 2010, that increase shall be an increase in membership of the 2009 Scheme notwithstanding the fact that the grant may occur after 31st March 2015.

(12) Any guidance issued by the Government Actuary in accordance with any provision in the former regulations is to be treated as actuarial guidance issued by the Department as defined in Schedule 1 to the 2014 Regulations and any reference to guidance issued by the Government Actuary in the former regulations is to be construed as a reference to actuarial guidance issued by the Department.

(13) Regulations 67 and 68 (abatement) of the Administration Regulations continue to have effect in relation to pensions in payment deriving from the earlier Schemes regardless of when payment of those pensions commenced.

(14) In these Regulations, where final pay is to be calculated in accordance with regulation 8 to 11 (calculation of final pay) of the Benefits Regulations if a certificate has been issued under regulation 24 (permanent reductions in pay: certificates of protection of pension benefits) of the 2002 Regulations, that certificate continues to have effect as if regulation 24 were still in operation.

Statutory underpin

4. (1) This regulation applies to a person who—
- (a) was an active member of the 2009 Scheme on the 31st March 2012 and who, on 1st April 2012, was 10 years or less from the normal retirement age applicable to that member under the 2009 Scheme;
 - (b) was an active member immediately before the underpin date and who receives payment of benefits under the Scheme on or after the underpin date;
 - (c) does not have a disqualifying break in service;
 - (d) has not, prior to the underpin date, drawn benefits under the 2014 Regulations in relation to that employment; and
 - (e) is not a councillor member.
- (2) The underpin date for the purposes of this regulation is the earlier of—
- (a) the date the member—
 - (i) attained the normal retirement age applicable to that member under the 2009 Scheme; or
 - (ii) died in service;
 - (b) the date the member ceased to be an active member on the Scheme with an immediate entitlement to a pension, including a member who may elect to receive immediate payment of a pension under regulation 30(5) (early retirement) of the 2014 Regulations and a member who with the employing authority's consent, elects to receive immediate payment under regulation 30(6) (flexible retirement) of 2014 Regulations.
- (3) A disqualifying break in service for the purposes of paragraph (1)(c) is a continuous break, after 31st March 2012 of more than five years in active membership of a public service pension scheme.
- (4) The active member's pension account is to be increased at the underpin date by the amount by which the underpin amount exceeds the assumed benefits on the underpin date.

(5) The assumed benefits are calculated by assessing the benefits the member would have been entitled to under the Scheme if—

- (a) the member had paid contributions under regulation 11 (contributions) of the 2014 Regulations from 1st April 2015 to the underpin date, but excluding—
 - (i) any period when the member was not an active member;
 - (ii) any period of absence from work with no pensionable pay in consequence of a trade dispute which the member has not covered by additional pension under regulation 18 (additional pension) of the 2014 Regulations; and
 - (iii) any period of absence from work with permission with no pensionable pay otherwise than because of illness or injury, child-related leave or reserve forces service leave which the member has not covered by additional pension under regulation 18 (additional pension) of the 2014 Regulations;
- (b) the member had in the period between 1st April 2015 and the underpin date paid no additional contributions under—
 - (i) regulation 18 (additional pension contributions) of the 2014 Regulations, other than additional contributions paid under that regulation to cover a period of absence from work with no pensionable pay in consequence of a trade dispute or to cover a period of absence from work with permission with no pensionable pay otherwise than because of illness or injury, child-related leave or reserve forces service leave; or
 - (ii) regulation 19 (additional voluntary contributions) of the 2014 Regulations;
- (c) the member has not been awarded additional annual pension under regulation 32 (award of additional pension) of the 2014 Regulations during that period;
- (d) the Scheme had received no transfer value payment in respect of the member relating to rights accrued under a registered pension scheme or European Pensions Institution;
- (e) the revaluation adjustment⁽⁴⁾ made to the active member's account had been made up to and including the beginning of the Scheme year in which the member's underpin date fell; and
- (f) the balance in the active member's pension at the member's underpin date had been adjusted on account of any pension debit or Scheme pays election applicable to the member, with the adjustment being calculated in accordance with actuarial guidance issued by the Department.

(6) The underpin amount is calculated by assessing the benefits the member would have been entitled to under the 2009 Scheme if—

- (a) the member had continued to accrue membership under the 2009 Scheme rather than benefits in the Scheme from 1st April 2015 to the underpin date;
- (b) the period of membership taken into account for the purposes of sub-paragraph (a) were—
 - (i) the period during which the member has paid, or is treated as having paid contributions under regulations 11 (contributions) and 12 (temporary reduction in contributions) of the 2014 Regulations;
 - (ii) any period of unpaid absence due to industrial action, or absence from work with permission otherwise than because of illness or injury, child-related leave or reserve forces service leave, if that period was covered by additional pension purchased under regulation 18 (additional pension contributions) of the 2014 Regulations; and

(4) S.R. 2014 No. 188; Revaluation adjustment is defined in Schedule 1 (interpretation) of the Local Government Pension Scheme Regulations (Northern Ireland) 2014.

- (iii) where the member's assumed benefits include an adjustment under regulation 39 (calculation of ill-health pension amounts) of the 2014 Regulations, any additional period of membership that would have been added to the member's total membership under regulation 20 (early leavers: ill-health) of the Benefits Regulations had that regulation applied at the underpin date;
- (c) the final pay was calculated in accordance with regulations 8 to 11 (calculation of final pay) of the Benefits Regulations, as if those Regulations were still in force at the underpin date; and
- (d) the member's benefits at the member's underpin date had been adjusted on account of any pension debit or a Scheme pays election applicable to the member, with the adjustment being calculated in accordance with actuarial guidance issued by the Department.

Membership of the Scheme

5. (1) A person who is an active member of the 2009 Scheme in an employment immediately before 1st April 2015 becomes an active member of the Scheme on 1st April 2015 in that employment provided the person is eligible for membership of the Scheme on that date.

(2) Paragraph (1) does not apply to a person who ceases to be an active member on 31st March 2015 by virtue of regulation 10 (ending of membership) of the Administration Regulations and these Regulations apply to any such person as if that person is not an active member immediately before 1st April 2015.

(3) Notwithstanding regulation 3(2) (active membership) of the 2014 Regulations, a person who is eligible to be an active member of the 2009 Scheme immediately before 1st April 2015 who is not a member of 2009 Scheme, does not become a member of the Scheme on 1st April 2015 unless that date is an automatic enrolment date for that member.

(4) If any person has notified an employer under regulation 10(2) (ending of membership) of the Administration Regulations before 1st April 2015 of a wish to leave the 2009 Scheme, but would not (apart from this paragraph) have ceased to be an active member immediately before 1st April 2015—

- (a) paragraph (1) does not apply to that person;
- (b) the person's active membership ceases on 31st March 2015; and
- (c) these Regulations apply to that person as if that person is not an active member immediately before 1st April 2015.

(5) A person who was a deferred member of one of the earlier Schemes whose benefits under those Schemes have not come into payment and who becomes an active member of the Scheme by virtue of regulation 3(1) (active membership) of the 2014 Regulations without a disqualifying break, may choose, by notice in writing to the Committee within 12 months of becoming a member of the Scheme, to be treated as if he or she had become an active member of the Scheme by virtue of paragraph (1).

(6) A disqualifying break for the purposes of paragraph (5) is a continuous break of more than five years in active membership of a public service pension scheme.

(7) A designation by an employing authority of an employee or class of employees as being eligible for membership of the 2009 Scheme pursuant to regulations 3 (general eligibility for membership) and 6 (admission agreements – further provisions) of the Administration Regulations has effect as a designation as being eligible for membership of the Scheme.

Admission agreements

6. (1) Any admission agreement entered into before 1st April 2015 continues to have effect after 31st March 2015 and employees of admission bodies designated before that date in accordance with

an admission agreement as eligible for membership of the Local Government Pension Scheme are from 1st April 2015, subject to regulation 5(2) to (4) (membership of the Scheme), members of the Scheme by virtue of the agreement.

(2) Any indemnity, bond or guarantee provided in respect of an admission agreement entered into before 1st April 2015 has effect in relation to any liabilities whether incurred up to and including 1st April 2015 or after that date.

(3) Any condition imposed before 1st April 2015 by the Department on an approval for the admission of a body to the earlier Schemes continues to have effect and withdrawal of the approval by the Department where the condition is not met has effect as if approval for admission to the Scheme had been withdrawn.

(4) These Regulations and the 2014 Regulations apply to employment with an admission body in which the employee is an active member in the same way as if the admission body were an employing authority.

Qualifying service for the Scheme

7. (1) Any period of active membership in the earlier Schemes which the member has at 31st March 2015 counts as qualifying service in the Scheme for the purposes regulation 3(5)(a) and 3(5)(c) (active membership) of the 2014 Regulations.

(2) Any transfer value payment accepted into the earlier Schemes counts as a transfer value payment into the Scheme for the purposes of regulation 3(5)(b), 3(5)(c) and 3(5)(d) of the 2014 Regulations.

(3) A transfer value payment made under the earlier Schemes to a qualifying recognised overseas pension scheme counts as qualifying service in the Scheme for the purposes of regulation 3(5)(g) of the 2014 Regulations.

(4) A member of the Scheme who has a deferred benefit or a pension in payment under the earlier Schemes is treated as having qualifying service for a period of 2 years for the purposes of regulation 3(5) of the 2014 Regulations, but if a deferred benefit—

- (a) is in respect of less than 2 year's membership; and
- (b) is aggregated with any of the Scheme benefits,

and the aggregate of that membership and the service in the Scheme is less than 2 years, the member may, upon ceasing to be an active member, elect instead of having a deferred benefit under the Scheme, to have regulation 20 (rights to return of contributions) of the 2014 Regulations deemed to apply to all the contributions made by the member.

(5) A person who became a member of the Scheme by virtue of regulation 5(1) (membership of the Scheme), and who has at least 3 months qualifying service in the Scheme (which expression includes for this purpose any of the period of active membership in the earlier Schemes if aggregated with membership of the Scheme), who ceases to be an active member of the Scheme before achieving qualifying service for a period of 2 years may elect—

- (a) to have regulation 20 (rights to return of contributions) of the 2014 Regulations deemed to apply to the contributions paid both into the earlier Schemes and the Scheme (where the period in respect of which contributions to the earlier Schemes were paid has been aggregated with membership of the Scheme);
- (b) to be a deferred member of the Scheme notwithstanding regulation 8(1) (deferred members) of the 2014 Regulations; or
- (c) if the member has reached the normal retirement age applicable to that member under the 2009 Scheme, to draw retirement pension immediately, notwithstanding regulation 8(1) (deferred members) of the 2014 Regulations.

(6) An election under paragraph (4), (5)(a) or (5)(b) must be made in writing to the Committee within the period of 6 months beginning with the date on which the active membership ceased and an election under paragraph (5)(c) must be made to the Committee within the period of 6 months beginning with the date of cessation of local government employment, and in default of any election being made the member shall—

- (a) in the case of a member satisfying the conditions in paragraph (4), be awarded a deferred benefit under the Scheme; or
- (b) in the case of a member satisfying the conditions in paragraph (5), be awarded a deferred benefit in the Scheme, or an immediate pension, as appropriate.

Pensionable pay

8. (1) For the purposes of calculating assumed pensionable pay under regulation 23 (assumed pensionable pay) of the 2014 Regulations, if all or part of the periods referred to in paragraph (4) of that regulation fall before 1st April 2015, the calculation must include the pensionable pay the member received before 1st April 2015 in relation to that period.

(2) Where these Regulations provide for final pay received after 31st March 2015 to be calculated under regulations 8 to 11 (calculation of final pay) of the Benefits Regulations, if a member has a period of absence from work of the description in regulation 13(4)(b) or 13(4)(c) (contributions during absence from work with permission or due to a trade dispute) of the 2014 Regulations and, on or after the commencement of that period of absence, has purchased additional pension under regulation 18 (additional pension contributions) of the 2014 Regulations equivalent to the pension that the member would have accrued but for the absence—

- (a) the member is treated as entitled to count the period of absence as a period of membership; and
- (b) is treated as receiving the pay that would have been received but for the absence.

Transfers

9. (1) Where a transfer payment is received into the Scheme in respect of a person from a different public service pension scheme which includes a payment in respect of service before 1st April 2015 which would have entitled the person to final salary benefits in that scheme, such payment shall entitle that person to benefits under the Scheme as if they were payable as final salary benefits under the 2009 Scheme so long as the person in respect of whom the transfer payment is received has had no continuous break in active membership of any public service pension scheme of more than five years.

(2) Where a transfer payment is to be made to a registered pension scheme or qualifying recognised overseas pension scheme in respect of a member of the Scheme, that transfer payment shall include any benefits accrued by that member under the earlier Schemes that are aggregated with the service under the Scheme.

(3) Where a transfer payment is received from a registered pension scheme which is not a public service pension scheme, or from a European Pensions Institution in respect of a member of the Scheme, if the relevant date in either case was before 1st April 2015, that transfer payment shall be dealt with by the Committee as if it had been received in respect of membership of the 2009 Scheme.

(4) The relevant date for the purposes of paragraph (3) is the date on which the person first became an active member in the employment, or the date the transfer payment is received if more than 12 months later.

(5) Transfer payments will be calculated in accordance with guidance issued by the Department.

Retirement benefits

10. (1) A member who became an active member of the Scheme by virtue of regulation 5(1) (membership of the Scheme) must, upon drawing a retirement pension under regulation 31 (retirement benefits), 36 (early payment of retirement pension on ill-health grounds: active members) or 37 (early payment of retirement pension on ill-health grounds: deferred members) of the 2014 Regulations, draw any aggregated benefits accrued in the earlier Schemes at the same time as those benefits accrued under the Scheme are drawn.

(2) A member who became an active member of the Scheme by virtue of regulation 5(1) (membership of the Scheme) must, if exercising the option in regulation 31(6) (flexible retirement) of the 2014 Regulations, make a request to receive the benefits mentioned in paragraph (3) and such benefits may, with the member's employing authority's consent be paid to the member notwithstanding that the member has not retired.

(3) The benefits referred to in paragraph (2) are—

- (a) all of the aggregated benefits from the 2002 Scheme;
- (b) all, part or none of the aggregated benefits accrued under the 2009 Scheme;
- (c) all, part or none of the aggregated benefits accrued under the Scheme; and
- (d) any additional benefits in accordance with actuarial guidance issued by the Department.

(4) For the purposes of paragraph (3) additional benefits are—

- (a) benefits from added years contracts entered into under regulation 57 (payments to increase total membership) of the 2002 Regulations or equivalent provisions of the other earlier Schemes;
- (b) benefits under regulation 19(7) (additional voluntary contributions) of the 2014 Regulations or equivalent provisions of the earlier Schemes;
- (c) additional pension purchased under regulation 18 (additional pension contributions) of the 2014 Regulations or regulation 19 (payment of additional regular contributions) of the Administration Regulations and regulation 14 (election in respect of additional pension) of the Benefits Regulations; and
- (d) additional pension awarded under regulation 32 (award of additional pension) of the 2014 Regulations or regulation 13 (power of employing authority to award additional pension) of the Benefits Regulations.

Ill-health retirement

11. (1) A member who qualifies for Tier 1 benefits or Tier 2 benefits under the 2014 Regulations who would have benefited from the protection in regulation 20(7) (transitional protection for those aged 45 before 1st April 2009) of the Benefits Regulations⁽⁵⁾ if those Regulations had applied on the date the member's employment was terminated, is entitled to benefits equalling the higher of—

- (a) the Tier 1 benefits or Tier 2 benefits, as the case may be, calculated under the 2014 Regulations and these Regulations; or
- (b) the benefits the member would have received under sub-paragraph (a) if the amount to be added under regulation 39(1) or (2) (calculation of ill-health pension amounts) of the 2014 Regulations were calculated by reference to the period that would have been added had regulation 30 (amounts of ill-health pension and grant) of the 2002 Regulations applied and if—
 - (i) the period of membership the member had accrued under the earlier Schemes and the Scheme had counted as a period of membership of the 2002 Scheme; and

(5) Paragraph 7 was substituted by [S.R. 2012 No. 183](#)

(ii) the amount added under regulation 39(1) or 39(2) of the 2014 Regulations were calculated by reference to a 1/60th accrual rate.

(2) The 2014 Regulations shall apply to a person in respect of whom benefits are paid under regulation 20(2) (early leavers: ill-health) of the Benefits Regulations as if that person were in receipt of Tier 1 benefits under the 2014 Regulations.

(3) The 2014 Regulations shall apply to a person in respect of whom benefits are paid under regulation 20(3) (early leavers: ill-health) of the Benefits Regulations as if that person were in receipt of Tier 2 benefits under the 2014 Regulations.

(4) A certificate produced by an independent registered medical practitioner ((IRMP) as defined in Schedule 1 (interpretation) of the 2014 Regulations) under the 2009 Scheme may be used for the purposes of making determinations under the Scheme.

(5) A person who has received an ill-health pension and grant under the earlier Schemes, which for the purposes of this paragraph does not include the 2009 Scheme, is to be treated as if that person were in receipt of Tier 1 benefits under the 2014 Regulations.

Lump sum commutation

12. (1) Where a member elects to commute pension under regulation 34 (election for lump sum instead of pension) of the 2014 Regulations, the member's benefits under the earlier Schemes which are aggregated with the member's benefits under the Scheme are taken into account for the purposes of regulation 34(1) and 34(2) of the 2014 Regulations.

(2) In the case of a pensioner member of the Scheme with benefits under the earlier Schemes and the Scheme which have been aggregated as is described in paragraph (1) and who commuted pension under regulation 34 of the 2014 Regulations, for the purposes of working out any entitlement to death grant, the pension the member received is treated as having been reduced in the proportions described in paragraphs (3) and (4).

(3) Pension accrued under the Scheme is treated as reduced by that percentage of the amount of pension commuted which the amount of pre-commutation pension under the Scheme bears to the total pre-commutation pension.

(4) Pension accrued under the earlier Schemes is treated as reduced by that percentage of the amount of pension commuted which the amount of pre-commutation pension under the earlier Schemes bears to the total pre-commutation pension.

Contributions

13. (1) Notwithstanding the revocations effected by regulation 2 (revocation of regulations), the Administration Regulations and the Benefits Regulations continue to have effect so far as is necessary to ensure that where—

- (a) a member has a period of absence from work which begins before 1st April 2015 and ends after that date, the period falling before 1st April 2015 is to be dealt with in accordance with those Regulations and the period falling after 31st March 2015 is to be dealt with in accordance with the 2014 Regulations; and
- (b) a member receives pensionable pay after 31st March 2015 which relates to a period prior to 1st April 2015, the member's contributions are payable on the pensionable pay as defined in regulation 4 (meaning of pensionable pay) of the Benefits Regulations at the rate payable under those Regulations; and

any contributions that the member makes after 1st April 2015 in respect of the absence or that pay must be allocated according to the period to which they relate and benefits accrued accordingly.

(2) A member entitled to a refund of contributions under regulation 20 (rights to return of contributions) of the 2014 Regulations, who has paid contributions under the earlier Schemes and has aggregated the periods in which those contributions were paid with membership of the Scheme, is entitled to a refund of contributions paid to the earlier Schemes in respect of that aggregated membership.

14. (1) Notwithstanding the revocations effected by regulation 2 (revocation of regulations) the following regulations continue to have effect—

(2) Benefits accrued under the regulations preserved by paragraph (1) must be calculated using the normal retirement age under the 2009 Scheme and treated as benefits under that Scheme.

(3) Notwithstanding regulation 19(11) of the 2014 Regulations (additional voluntary contributions), a person to whom regulation 5(1) (membership of the Scheme) applies who has not had a continuous break in active membership of a public service pension scheme of more than five years, may elect not to transfer the realisable value in any deferred AVC account to an arrangement under regulation 19 of the 2014 Regulations.

is 85 years or more.

- (2) In calculating the member's total membership—
- (a) the periods of membership taken into account are—
 - (i) the total membership the member accrued under the earlier Schemes which counts as membership in relation to the employment in respect of which the member has made a request to receive immediate payment of retirement benefits under paragraph 1; plus
 - (ii) the period during which the member paid, or is treated as having paid, contributions under regulations 11 (contributions) or 12 (temporary reduction in contributions) of the 2014 Regulations; plus
 - (iii) any period after 31st March 2015 of unpaid absence due to industrial action, or absence from work with permission with no pensionable pay otherwise than because of illness or injury, child related leave or reserve forces service leave, if contributions have been paid under regulation 18 (additional pension contributions) of the 2014 Regulations to cover that period; and

(2) Where this paragraph applies, this Schedule, with the exception of paragraph 4(2)(b)(iii), continues to apply to any undrawn benefits accrued by the member before the date the member started to receive payment of benefits under those regulations.

6. (1) This paragraph applies to a member to whom regulation 4 (membership accrued before 1st April 2009: deferred members) of the Transitional Regulations 2009 or regulation 12 (re-employed and rejoining deferred members) of the Administration Regulations applies.

(2) Where such a member does not choose, or does not choose as respects all periods of membership, to be treated as if regulation 3 (membership accrued before 1st April 2009: active members) of the Transitional Regulations 2009 applies, or to have the member's membership aggregated under regulation 12 (re-employed and rejoining deferred members) of the Administration Regulations, or under regulation 24 (pension accounts) of the 2014 Regulations, as the case may be, then in applying paragraphs 1 to 5 and 9 as respects any later membership, the total membership excludes unaggregated periods.

7. (1) This paragraph applies to a member who was a member of the 2002 Scheme before 1st October 2006 who—

- (a) continues paying the additional contributions until the assumed date; and
- (b) retires on or after the assumed date,

the member shall not pay any additional contributions after that date and the whole of the additional period shall be counted as part of the total membership for the purposes of paragraphs 1 to 5 and 9.

(3) An additional period counted as a period of total membership as a result of this paragraph shall be treated as a period of membership before 1st April 2008.

8. (1) This paragraph applies to a person who was an active member of one of the earlier Schemes before 1st October 2006 and who—

- (b) resumes active membership.

(2) If a member to whom this paragraph applies aggregates any period of membership after the resumption of employment with the period of membership accrued in the previous local government employment—

- (a) where the member resumed active membership in the Scheme and has had a disqualifying break, this Schedule does not apply to the earlier period, except in applying this Schedule to the later period of membership, for the purposes of paragraph 4 (determining whether the member satisfies the 85 year rule); or
- (b) where a member resumed active membership in an earlier Scheme, or resumed active membership in the Scheme without a disqualifying break, this Schedule applies to the whole period of aggregated membership.

(3) A disqualifying break for the purposes of paragraph (2) is a continuous break in active membership of a public sector pension scheme of more than five years.

9. (1) This paragraph applies to a member who was a member before 1st October 2006, who will reach or has reached the age of 60 on or after 1st April 2016 and before 1st April 2020, and whose retirement benefits would (but for the provisions of this paragraph) have been actuarially reduced on account of the age at which they were drawn.

(2) That part of the member's retirement benefits which is calculated by reference to any period of membership after 31st March 2008 shall be reduced in accordance with actuarial guidance issued by the Department.

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations set out transitional provisions relating to members of the Local Government Pension Scheme 2009 (“the 2009 Scheme”), which is to be replaced by the new Local Government Pension Scheme (“the Scheme”) with effect from 1st April 2015. Their effect is to protect the benefits accrued by members of the 2009 Scheme before 1st April 2015.

Article 14 of the Superannuation (Northern Ireland) Order 1972 confers express powers to make regulations retrospective in effect. In these Regulations, certain provisions of Schedule 4 (minor and consequential amendments) are retrospective.

Regulation 1 deals with the citation, commencement and interpretation. Schedule 1 contains definitions of terms used in these Regulations.

Regulation 2 and Schedule 2 revoke, subject to savings, of the Local Government Pension Scheme (Benefits, Membership and Contributions) Regulations (Northern Ireland) 2009, Local Government

Pension Scheme (Administration) Regulations (Northern Ireland) 2009 and the Local Government Pension Scheme (Amendment and Transitional Provisions) Regulations (Northern Ireland) 2009 (“the 2009 Regulations”) and of a number of subsequent Regulations that amend the 2009 Regulations or made provision dependent on them. It follows that, after 1st April 2015, no person may become a member of the 2009 Scheme or accrue benefits in it (regulation 2(2)).

Regulation 3 preserves the membership and benefits accrued in the previous Schemes.

Regulation 4 ensures that an active member who was within 10 years of normal retirement age under the 2009 Scheme on 1 April 2012 is entitled to draw benefits on retirement which are no less than they would have been able to draw if the 2009 Scheme had continued to exist.

Regulation 5 provides for automatic transfer into the Scheme of persons who are members of the 2009 Scheme on 31 March 2015.

Regulation 6 preserves the status of admission agreements entered into before the Scheme commences, meaning that membership of the Scheme is maintained for employees who became members by virtue of an admission agreement.

Regulation 7 provides that membership of the 2009 Scheme and its predecessor Schemes, and transfers from different pension schemes into those Scheme counts as membership of the Scheme. This is relevant for identifying when members of the Scheme have reached the two year vesting period required to be entitled to benefits under the Scheme.

Regulation 8 identifies elements of remuneration which will not count as pensionable pay under the Scheme.

Regulation 9 makes provision as regards transfers into the Scheme of benefits from other public sector pension schemes.

Regulation 10 sets out a framework for the drawdown of retirement benefits.

Regulation 11 preserves the transitional protection for certain groups as regards ill-health benefits and makes provision for how recipients of ill-health benefits under the 2009 Scheme are dealt with under the Scheme.

Regulation 12 provides for amounts of pension deriving from the 2009 Scheme and its predecessor Schemes taken as a lump sum to be brought into account when the member commutes pension under the Scheme into a lump sum.

Regulations 13 and 14 make provision in respect of contributions and purchase of additional contributions. Arrangements for the purchase of added membership and additional pension entered into before 1 April 2015 are preserved and purchase benefits under the 2009 Scheme.

Regulation 15 makes provision for payments to be taken from benefits accrued under the 2009 Scheme and its predecessor Schemes where appropriate when a member has a tax charge to pay under the Finance Act 2004 (annual allowance).

Regulations 16 and 17 deal with death grants and survivor benefits, respectively, where a deceased member was entitled to benefits under both the 2009 Scheme and the Scheme.

Regulation 18 provides for the continuation of apportionment agreements made under Regulation 33A of the Local Government Pension Scheme (Administration) Regulations (Northern Ireland) 2009.

Regulation 19 and Schedule 3 deal with the 85 year rule for qualifying members, enabling them to draw benefits without actuarial reduction when the sum of their age and the number of years’ membership of the Local Government Pension Scheme equals or exceeds 85. This protection is phased out between 2008 and 2020.

Regulation 20 makes provision in respect of pension sharing orders to ensure they have appropriate impact on pre-2015 Scheme benefits.

Regulation 21 provides for the continuity of membership between the 2009 Scheme and the Scheme for councillor members of the Local Government Pension Scheme (Northern Ireland).

Regulation 22 deals with employing authorities obligations to provide information to the Committee to enable it to carry out its functions.

Regulation 23 provides for the procedures for the resolution of disputes under the Scheme to apply in respect of any unresolved disputes under the 2009 Scheme.

Regulation 24 and Schedule 4 deal with minor and consequential amendments.

Regulation 25 and Schedule 5 provide for the continuity of the application of the Scheme provisions and contains general savings and transitional provisions.

A full regulatory impact assessment has not been produced for this Statutory Rule as it has no impact on the cost of businesses, charities or voluntary bodies and does not have a significant financial impact on any public bodies.
